ODOR HAS BEEN MUCH INVESTIGATED

Mayor Points Out That State Experts Have Failed to Fix Cause of Vile Smells in Downtown Section—Owner of Suspected Plant Made Changes Recommended.

Office of the Mayor, Kingston, N. Y., April 19, 1919.

I desire to present some information in reference to the article in your paper a few days ago relating to the odor which comes from the sewer at various times during the year at lower Broadway. It would be unfair to have the impression result therefrom that the board of health and city officials have ignored it and have not given it any consideration.

At my request the inspecting engineer of the State Department of Health made an examination of the situation last year. Five different inspections were made covering a period of about six months. Other inspections were made during previous years by the state department at my request and at the request of the local board of health. In addition thereto, members and officials of our local board of health and of our local board of public works and our city engineer and myself have investigated the matter on different occasions.

We know that at times there is something there which makes itself perceptible to the sense of smell in a disagreeable manner. This can very easily be charged to one thing or another, but it has not been so easy to trace it or prove it. It is the opinion of some that it is due to a collection of sewer gas backed up as a result of certain conditions of the tide in the creek in which it empties. The chief engineer of the state department failed in any of his reports to fix the cause or reason for these foul, volatile emanations. The city officials were and are very desirous of ascertaining the cause and are very anxious to remedy the condition.

On this connection certain people have made complaints to the local board charging that a certain plant was responsible for the situation. On several occasions they were notified to appear before the board as well as the proprietor of the plant. All of the people who made complaints failed to appear on each occasion. The inspecting engineer of the state department made inspections of this plant on several occasions and made recommendations in relation thereto. Everyone of these recommendations were complied with completely by the owner of the plant.

The local board has taken up the matter again with the state department. It would be glad to have the citizens affected co-operate with it in an attempt to eliminate the cause of the trouble. The city cannot, however, act arbitrarily, but must be reasonably certain that the basis of any action affecting private property is correct.

Respectfully,
PALMER CANFIELD, JR.

POLICE SPENT A BUSY EASTER

Steinhart and Friedman Wanted in Margaretville—Cholico's Wine Affected His Head—Other Police Matters.

Louis Steinhart and Morris H. Friedman, aged 22 and 26 years respectively, were arrested on Chambers street early Sunday evening by Officer Healey on a warrant obtained by Deputy Sheriff Frederick Clate of Margaretville. Both young men gave bail in the sum of \$500 for their appearance in court at Margaretville this afternoon at 2 o'clock. They are accused of using fraudulent means of using a telephone station in dropping on another object than the required coin and thus securing a pay call over the telephone free. The alleged acts were committed, it is claimed, on April 5th and 11th.

Philip Cholico, a young Italian, was arrested Sunday evening about 8 o'clock for creating a disturbance on the Strand in front of Schatzel's candy store. His friends furnished \$20 cash bail for his appearance in police court this morning. Philip informed Judge Schick that he was employed at the arcade works during the excitement and that he received a check. This check was of such a nature that when he was treated to the classes of wine Sunday afternoon he was his first appearance in police court and was given a chance and discharged.

William Crane, 19 years old, of No. 148 Clinton avenue, was arrested on a warrant secured in Flatbush, where young Crane is wanted on a battery charge. He was arrested by Sergeant Hendley and furnished bail for his appearance at the next term of court in Flatbush.

The Disobedient Situation.
At the present time in Kingston there are two cases of disobedience, one against and the other for. Unless something uniform in the field, the disobedient situation will be closed up by May.

COMMUNITY CHORUS SUCCESS INDICATED

Judging from the favorable remarks heard around the city yesterday, it would seem that Kingston's first community chorus meeting at the high school tomorrow evening at 7:30 is sure to be a success. A great deal of interest is being shown in the formation of the chorus.

A large part of the citizens seem to have visited cities where choruses are already in operation and they are warm in their praise of the work that is accomplished by the community choruses.

At the last "sing" held by the Albany chorus there were over 1000 people present. The Wilmington, Delaware, community chorus has a regular attendance of over 600 people. In a letter just received from one of the Wilmington chorus members he states that "we consider the community chorus one of the greatest things in our city." Kingston's community chorus is going to rank just as high as this among the city's activities.

Help swell the crowd tomorrow night and be on hand so as to be listed as one of the first interested in this movement. 1000 people will not be too many for Harry Dodge to handle. Song books will be distributed for those present and even though you may not get a song book in case the supply runs out, the songs sung will be familiar enough to you to permit of your joining in. Everybody come and show their real belief in Kingston's activities. You are all welcome.

TO STIMULATE HOUSE BUILDING

Co-operating With Government and Because of Brisk Demand C. of C. Invites Those Interested in Building to Conference.

On account of the brisk demand for houses in Kingston and in co-operation with the United States government which is keenly interested in encouraging building at this time, the Chamber of Commerce has called a conference of all persons who are interested in building operations. This conference will be held at the Chamber of Commerce rooms, Broadway and East O'Reilly street, Wednesday afternoon at 4:30.

The building of houses was largely suspended during the war, except for industrial housing in connection with munitions and other war industries. Conditions at this time are favorable for the construction of houses and the number of building permits in American cities is rapidly increasing.

This conference will consider ways and means of stimulating the building of houses in Kingston during 1919.

TERPENING THROWN

From Motorcycle But Not Badly Hurt.

Sunday morning about 10 o'clock a motor cycle with a sidecar attached, which Alzie M. Terpening, of 54 St. James street, was running, upset on Main street, opposite the Eagle Hotel, the wheel catching in the trolley car track rail. Terpening was hurled to the side of the pavement, landing on the side of his face, and was cut on the chin and cheek. Dr. Nelson, whose office is near where the accident happened, dressed the wounds of Terpening and bandaged him up and he jumped on the motorcycle a few minutes later and rode home. Terpening is an expert motorcyclist, having been a dispatch rider in the U. S. P. being connected with the 75th Division at Bordeaux, France.

Willbur Entertainment.

An old fashioned minstrel show with the latest songs and jokes, capable and men and musical soloists and chorists will be the attraction of this evening at Holy Name Hall. Willbur Shurters orchestra will play for the reception following the show. Fox, of the famous dancing team of Fox and Barrett, will show the latest in his dancing. Miss May Heidecamp, who many times previously delighted the ears of Willbur and Kingston audiences, will appear in some very pretty songs. Catherine Moore and Gertrude Lawler will provide the comic songs in true jazz style. Everybody welcome. Only 20c seats. Conclude at 8:30.

Room Was Banned.

Ned Ryan, an employee of the Cornell coal pockets, was arrested between a freight car and an engine at the coal pockets about 2:50 o'clock Saturday afternoon. He was removed to the Kingston City Hospital in the ambulance where it was found that while he was badly injured, no bones were broken. His injuries are not considered serious.

White Becomes Journey.

Mineral, L. L., April 21.—Captain White, army aviator, who made the first non-stop flight from this city to New York, started for Baltimore, Maryland, at 11:28 to develop the amphibious qualities of the airplane.

PLAN TWO WALKKILL GENERATING PLANTS

Proposed Merger of Hudson Valley Electric Companies to Thence in Six Counties—The Plan For Financing Scheme—Commission to Take Prompt Action.

By Telegraph to The Freeman, Albany, April 21. (Special).—A plan has been developed for water power development and the connection of electric power corporations in the central and upper Hudson valley, according to a petition filed with the Public Service Commission, Second District, today by the United Hudson Electric Corporation, Incorporated, on February 14, to operate in Dutchess, Putnam, Orange, Ulster, Greene and Albany counties.

The plan, for which authorization and permission is asked in the petition filed today follows one projected by the Hudson Power Corporation in 1916 to develop the Walkkill river water power and delivered it to the electric companies interested in its development. According to the petition filed today there was no stock issued by the Hudson Power Corporation and orders of the commission permitting it to operate were cancelled.

Two Walkkill Developments.

It is proposed to develop under the new scheme two water power developments on the Walkkill river, one at Dashville in the immediate future and later a second development two miles below the first, about 50,000 horse power to be secured for distribution among the various localities to be served by the new company.

The United Hudson Electric Corporation also asks the consent of the commission to acquire the capital stock of the Kingston Gas & Electric Company, including the capital stock of the Ulster Electric Light, Heat & Power Company, owned by the Kingston company and 775 shares of stock of the Upper Hudson Electric & Railroad Company of Catskill. It also seeks authority to acquire transmission lines connecting these companies with the Central Hudson Gas & Electric Company and to acquire the capital stock of the Rifton Land Corporation, owning the Walkkill river water rights and the construction of the power plants and the building of whatever transmission lines are required.

Over Million Preferred Stock.

The United Hudson Electric Corporation proposes to issue \$1,130,000 in seven per cent preferred stock of which \$426,000 of the proceeds are to be paid to the Central Hudson Gas & Electric Company for transmission lines constructed and indebtedness of the Rifton corporation and \$703,233 to the American Gas Company of New Jersey for transmission lines in the vicinity of Kingston and indebtedness of the Rifton Corporation. There is to be \$750,000 in common stock issued for the acquisition of the stock of the Rifton Land Corporation, the stock to be taken equally by the Central Hudson Gas & Electric Company and the American Gas Company, and \$1,091,000 in ten year six per cent first mortgage bonds of which \$898,763 is for the acquisition of the investments in the Kingston company. There is to be \$200,000 provided for the initial power development at Dashville and 100,000 for completing transmission lines, working capital and organization expenses, the latter placed at \$10,000.

Hudson Power Corp. Lagged.

Steps to supplement the electric supply in the Hudson valley were taken in 1916 because the existing companies were unable to provide all the energy required although they were operating to the limit of their capacity. After the Hudson Power Corporation did not go ahead, contracts for the connecting transmission lines were made and guaranteed by the companies interested in getting better distribution of power. The work was started, but later abandoned because of high construction costs. These outlays are covered in the bonds to be issued to the Central Hudson Gas & Electric Company and the American Gas Company.

The commission will make an immediate investigation of the petition of the United Hudson Electric Corporation. It has an authorized capital stock of \$20,000 but this amount, the company states, will be increased to \$2,000,000 when permission to acquire the stock of the other companies is granted.

Where Companies Operate.

The Kingston Gas & Electric Company supplies gas and electricity in Kingston and the towns of Victor, Esopus and Haverly with an outstanding capital stock of \$700,000. It also owns \$34,000 of outstanding stock of the Ulster Electric Light & Power Company of Saugerties. The Upper Hudson Electric & Railroad Company of Catskill was formed in 1912 by a consolidation of the Scholastic Light Power Company and the Upper Hudson Company and its property is located in Hunter, Tamara, Catskill, Coxsack and Athens and the towns of Catskill, Hunter and Catskill in Greene county and Haverly and Coxsack in Albany county. The stock of the Kingston company is owned or controlled by the American Gas Company of New York, while W. W. Strand of Philadelphia and Ellis L. Phillips of New York are the principal stockholders.

IN THE SERVICE OF OUR COUNTRY

PRIVATE FRANK V. WEBER.

Left Kingston July 25, 1918, with Pioneers and is still with the regiment in the Army of Occupation on the Rhine, in Germany. His address is Co. C, 59th Pioneer Infantry, A. E. F. His home is at No 215 Foxhall avenue, this city.

Corporal Henry Goldsworthy recently arrived from overseas with Company "A," 24th Battalion Light Tanks, has been discharged from the service. Corporal Goldsworthy is a veteran of the Spanish-American war having served with old Company M of Kingston. The 24th and 34th Battalions were cited by General Pershing, Rockenbaugh, Sumner and others.

Edward J. Brice, member of the famous 5th Division, U. S. Marine Corps, who was wounded in the battle of Soissons, losing one of his legs, spent Saturday night, Sunday and today in town visiting his grandmother, Mrs. Ellen McKiernan at her home, 85 Cedar street. Young Mr. Brice is an enlisted man and went through the battle of Verdun, Chateau Thierry and the drive at Belleau Wood safely although the fighting by the marines was terrible. For some time Marine Brice has been at the Brooklyn navy yard hospital, returning there today. His brother, James, in the Naval Reserve stationed at Pelham Bay, is also visiting his grandmother.

"Fighting 69th" Home.

By Telegraph to The Freeman, New York, April 21.—The transfer of the 165th Infantry, formerly New York's Sixty-ninth, arrived at Sandy Hook this afternoon and was due to dock before sundown. The rest of the regiment is aboard the Prince, Frederick William, due to arrive later in the week. The Sixty-ninth, once a famous Irish regiment, is no longer the same outfit that left American shores. The unit has been filled with replacements from all parts of the country and now numbers many men of German, Jewish and Polish descent.

No Start of Ocean Flight.

By Telegraph to The Freeman, St. Johns, N. F., April 21.—Stormy weather over mid-ocean made it impossible to start the trans-Atlantic airplane flight today.

New Corporation's Directors.

The directors of the new corporation are: Thaddeus R. Kent, Newburgh; John L. Wilbur, Mason; H. R. Kellow and Charles G. Keutner, New York; Rudolph L. Van der Meer, Whitehouse; and Eugene B. Alexander of Yonkers. The company proposes to operate in Dutchess, Putnam, Orange, Ulster, Greene and Albany counties. The directors are: Thaddeus R. Kent, Newburgh; John L. Wilbur, Mason; H. R. WILSON TO CALL EXTRA SESSION

Paris Dispatch Says Congress Will Convene Middle of May—George Washington to Return With Troops—President May Come on Battleship.

By Telegraph to The Freeman, Paris, April 21.—President Wilson has definitely decided to call a special session of the American congress probably May 12, the summons being sent from France, it was learned today. It is now virtually certain that the president will be unable to return home in time personally to appear before congress with the peace treaty for ratification by the senate. The effort, it is understood, that he has decided to call the session the middle of next month in order to work out financial problems and on act appropriation bills, which failed of passage at the last session because of the Republican filibuster. The president may return to the United States on the battleship George Washington. He has ordered the George Washington to return to America with troops and in the meanwhile the Arizona will remain in port at Brest awaiting further orders. It was the president's original intention to keep the George Washington in port in the event the circumstances should necessitate his speedy return to Washington.

He is anxious to get the American army home and his desires in this direction have been intensified by the great numbers of soldiers on the streets of Paris.

DR. SHIPMAN AT MEMORIAL SERVICE

Talented New York Divine Who Had Wide Experience on Battle Front to Pay Tribute to Ulster's War Dead at High School Sunday—Simple Service to Be Attended By Men in Uniform.

The memorial service, for those men of Ulster county who made the supreme sacrifice in late war, which will be held at the High School Auditorium on Sunday afternoon at 4 o'clock, will be a service of such simple beauty, dignity and heart-felt appreciation as to go down in history as an event of far more than local interest or moment.

Feeling rightly that only the best, the very best of speakers, fully in accord with the spirit of the occasion could properly honor our men who gave their lives for their country and for the cause of righteousness and humanity, Chairman Frank R. Power, of the committee having the service in charge, has secured a speaker of world-wide reputation and service in the war, the Rev. Herbert Shipman, D. D., rector of the Church of the Heavenly Rest of New York city. Dr. Shipman was appointed chaplain of West Point by the late President McKinley and was reappointed by the late President Roosevelt. He was later chaplain on the Mexican border. Dr. Shipman went over seas with the 27th Division as their chaplain and was later promoted to the position of senior chaplain of the First Army. Dr. Shipman's experiences on the front have been almost unqualified and none knows better than he the glory of the bravery and self-sacrifice of our men who "went West." Ulster county may well be proud to have such a man pay tribute for the people of county and city, to the memory of our "Gold Star" boys.

Local Clergy and Musical Club.

The local clergy will participate in the simple religious service, which is purposely being held in the high school, because the memorial will be for men of all creeds or no creed, and the Mendocino Club, dock before sundown. The rest of the regiment is aboard the Prince, Frederick William, due to arrive later in the week. The Sixty-ninth, once a famous Irish regiment, is no longer the same outfit that left American shores. The unit has been filled with replacements from all parts of the country and now numbers many men of German, Jewish and Polish descent.

They May Not Sing.

By Telegraph to The Freeman, Rome, April 21.—Premier Orlando and Baron Sonnino will not sign the peace treaty unless Italy's territorial claims are recognized, the newspaper Popolo Romano stated today. The premier and foreign minister are expected to return on Wednesday for the meeting of parliament.

VICTORY LOAN GETS OFF TO FLYING START

Workers Out Early To Get Last Big Job Out of The Way—W. S. S. Organization Allied With Loan Workers--Meeting Wednesday.

How much would you have paid for victory? Invest that amount in the Fifth Liberty Loan that was launched with the opening of business this morning. It is estimated that the (the new loan with its attractive investment features will bring Kingston over the top by a large amount over the former loans to which Ulster county so bravely responded. The campaign for the Victory Loan in Ulster county has been placed in the hands of the W. S. S. committee and Liberty Loan organization and they were on the job bright and early this morning gathering in subscriptions for the opening of the drive.

The campaign is now on in earnest and there will be no stop until "Victory" becomes a fact. Subscriptions The bigger they come the harder they fall. That was the spirit of the boys over there. In supreme sacrifice at any time and now they are on asked for in return, Kingston's quota of \$1,754,100 which is \$177,300 less than the last quota will not be in the rear when the final note of closing is sounded and once more old Ulster will proclaim victory behind the boys who proclaimed victory on the battlefields of France.

To create interest in the drive for funds to defray our government expenses in bringing the war to a victorious end, six airplanes piloted by fighting flyers from the front flew up the Hudson at noon today over Kingston enroute for Albany, where they will alight to boom out capital city in the loan campaign.

City Captains.

The Liberty loan and W. S. S. organizations are cooperating in this drive of patriotism and the city captains appointed Saturday are as follows:

First ward, Frederick W. Warren, Second ward, Joseph M. Herbert, Third ward, William C. Kingman, Fourth ward, William F. Rafferty.

CHAS. R. O'CONNOR, County Chairman W. S. S. WM. C. DEWITT, City Chairman W. S. S.

'PHONE OPERATORS RESUME WORK

By Telegraph to The Freeman, Boston, April 21.—Telephone service in New England was completely restored this afternoon. Following a lengthy meeting of the striking telephone operators in Boston, announcement was made that the girls had ratified the terms of settlement made at a conference yesterday between representatives of both sides and Assistant Postmaster General Koons. Telephone workers in other parts of New England had heeded their leaders' advice and returned to work this morning.

Andrew J. Murphy, the progressive stationery and sporting goods merchant of the Strand, has purchased from John White the property at No. 24 Styresant street, for many years occupied by the late Captain A. E. Anderson, of the steamer Mary Powell. Mr. Murphy bought the property for residential purposes and will move from his present home on Adams street to Styresant street about the first of May.

Dr. Shipman at St. John's.

The Rev. Dr. Herbert Shipman, pastor of the Church of the Heavenly Rest, New York city, and senior chaplain of the First Army overseas, has kindly consented to preach at St. John's Episcopal Church on Sunday afternoon next, at the 7:45 o'clock service, after being the speaker at the Memorial Service for our men who gave their lives for their country, which will be held at the High School in the afternoon. Dr. Shipman will also be the speaker at the memorial service for our men who gave their lives for their country, which will be held at the High School in the afternoon.

"DIRECT BITE TEETH"

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

ON LEAVE IN SOUTHERN FRANCE

Uncle Sam's Fighting Men Have Best That World Famous Resort In Pyrenees Mountain Affords.

Harry Vogel has received the following letter from Sergeant William Radell, better known among his friends as "Gink" describing his experiences while on a furlough in the Pyrenees mountains and to the Grotto of Our Lady of Lourdes:

On Active Service With American Expeditionary Forces.

A. P. O. Canterets, France.

March 27th, 1919.

Dear Friend Harry—Having a few minutes to spare I take great pleasure in answering your card which I received some time ago and was more than surprised to hear from you. Well, Harry, I am enjoying a seven day leave in southern France in the famous Pyrenees mountains not far from the Spanish border and it is some place. We are 3,000 feet above sea level and the mountains are full of snow. This place is a great summer resort, tourists from all over the world visit this place; the village is a small place; there are 124 hotels and all first class; we are living in one of the best at Uncle Sam's expense. Well yesterday we took a trip on snow skis, in some places bridge of Spain and we made this trip on snow skis, in some places the snow is 10 feet deep where there has been a snow slide, in several places we came across slides that covered up the road and also a river that runs through the valley.

While on our trip up the mountains many times we were about the clouds and it is surely a wonderful sight. It took us three hours to make the trip going up and only one hour to come back. While on our trip to this place we stopped off at the village of Lourdes. The famous churches of Lourdes which are beautiful. While there we visited the Grotto of Our Lady of Lourdes which is very beautiful and you would be surprised to see the churches; there are three in one and they are known all the world over. At night they are always lighted up by electricity from the bottom to the top inside and out. It surely was a sight I will never forget. We also have real hot sulphur baths where the water comes out of the mountains so hot you can hardly touch it and we have a natural hot water swimming pool. We are living the life of Riley. Can you imagine us sitting down to a table covered with white linen and also napkins and also the best of eat. This is the part of the army that appeals to us all.

We are allowed to stay on the streets until 11:30 and we can sleep as long as we like, that is the best part of it we do not have to listen for the bugle at 6 a. m. Can you imagine what chance a bugler would have if some morning about 6 o'clock he would blow reveille. His life would not be worth a nickel. We have plenty of amusements here. We have ragdolls every day and movies, dancing, pool and billiard, so you can imagine what a place it is. Well, as news is scarce I will bring this letter to a close, hoping to see you soon. Sending my best regards to all the boys, I remain,

Yours truly,

SERGEANT WILLIAM J. RADELL,

Co. A, 302 Engineers, A. E. F.

WELCOMED FROM SERVICE.

Ulster Park Camp Fire Girls Made Homecoming Pleasant.

The Hudson Camp Fire Girls of Ulster Park gave a welcome home for the soldiers, sailors and nurse of the vicinity on Saturday evening in Odd Fellows' Hall at Ulster Park. The hall was appropriately decorated with red, white and blue bunting, American flags and flags of the Allied countries. The guests of honor were seated on the platform. The Star Spangled Banner was sung by the Camp Fire Girls, assisted by their guests, after which addresses were made by John U. Gillette of Port Ewen and the Rev. C. Van Oostenbrugge of Ulster Park. The guests of honor were Lieut. Waldron DuMont, Corp. Alfred V. Schoonmaker, Privates Edwin T. Doyle, Jerry Relyea, Joseph Straley, Egbert Freer and the one nurse, Miss Edith Low of Port Ewen, who recently returned from overseas. After the addresses dancing was enjoyed, music being furnished by Bott's orchestra of Kingston. Refreshments were served by the Camp Fire Girls and an enjoyable evening was had by all. Much credit is due the Camp Fire Girls for the efficient manner in which everything was arranged. Over 100 guests were present from New York city, Kingston, Port Ewen, Esopus, St. Remy and other nearby towns.

MORE STRAWBERRY DISHES.

A pint of nice berries will furnish plenty of dessert for a family of five or six, if the berries are used wisely. A most dainty dessert is either angel food or sponge cake cut in rounds, heaped with crushed berries mixed with whipped cream or the berries may be covered with the cream.

Cottage Pudding.—Bake a cottage pudding in an angel cake pan, or a simple sponge cake mixture may be used. Remove from the pan to a serving dish. Fill the center with sweetened and flavored whipped cream and pour around it a sauce using some crushed berries to make juice, sugar and a few sliced or quartered berries. Keep warm until serving time.

Strawberry Ice Cream.—Wash, hull and mash one quart of berries. Sprinkle with a cup of sugar and let stand for three hours, then mash and squeeze through a double thickness of cheese cloth. Mix one and one-half cups of heavy cream, one and one-half cups of milk the whites of four eggs beaten stiff and a little salt. Freeze to a mush, then add the strawberry juice and continue freezing. More sugar may be added if the fruit is quite acid.

Steamed Rice-Strawberry Sauce.—Cook one cupful of rice in milk until well done but whole. For the sauce take three tablespoonfuls of softened butter, add one cupful of powdered sugar, mixing it until creamy, then stir in a half cupful of whipped cream and a pint of sliced strawberries which have been slightly sweetened. Serve at once.

A few strawberries add much to the appearance and flavor of any fruit salad, and as a garnish for ice cream nothing is nicer than fresh berries crushed with sugar, using equal parts of each. Berries, the small ones, when crushed and mixed with equal parts of sugar, will keep indefinitely if in a cool place. This preserve may be used in countless ways.

SOCIETY NOTES.

Mr. and Mrs. Martin Studt announce the engagement of their daughter, Louise S., to George C. Jode. The wedding will take place in the near future.

On Wednesday, April 23, the marriage of Miss Evelyn Kustus of Brooklyn and Frank J. Fammler, son of Mr. and Mrs. Joseph Fammler, of Ulster Park and Brooklyn, will take place. Mr. Fammler is well known in this vicinity, having spent several summers in Ulster Park.

The Coterie.

The Coterie met on Saturday afternoon at the home of Mrs. Brown. "Sea Warfare" was the general topic for consideration. Mrs. Weyant having the first paper of the afternoon, on "The Submarine as a Factor in Sea Warfare." This was followed by a paper on "The English Navy," presented by Mrs. Flemming. The final paper for the day was by Mrs. Frank Thompson on "America's Aims in the War." All the papers were full of interest and information, being most carefully prepared. A program committee was appointed to map out the study course for next year, the committee consisting of Mrs. Frank Thompson, Mrs. Weyant, Mrs. O'Connor and Miss Huber. The next and last meeting of the Coterie will be held on May 2nd with Miss Fuller at her home on Warts street.

Nature Exhibit.

The members of the Sunday school class of Mrs. Putman Cady will hold a novel and interesting exhibit in the Sunday school room of the First Presbyterian Church, Tuesday evening, from 7 to 9 o'clock, to which the public is cordially invited. The exhibit will consist of birds' nests, descriptions of our local songers, pictures of native and migratory birds, etc. The exhibit, just at this time should prove of special interest and it is hoped that a large number of people will avail themselves of the privilege of seeing it.

Production Wins.

Wealth does not come by the most diligent saving, but by the most diligent producing. Men and nations who pinch the pennies hardest are never the richest.

Use Reason.

You've got to leave your work with some planning and thought. A fireless cooker doesn't do the business until heat is applied.

Only Four Miles Per Hour.

In 1890 New York automobile laws allowed automobiles to travel not more than four miles an hour around street corners.

But Not Half So Exciting.

To know yourself is better than trying to find out all about the neighbors.

ABOUT THE FOLKS.

Judge and Mrs. G. D. B. Hasbrouck received a most welcome Easter message in a cablegram announcing the safe arrival overseas of their daughter, Miss Elise Hasbrouck.

Miss Selena L. Bachman, a graduate of Spencer's Business School, has been placed in an excellent position as bookkeeper and office clerk with the Arcadia Garage, Kerhonkson, N. Y.

This being a regular meeting all members are urged to be present.

Buy Land Near Athletic Park.

Deeds have been filed with the Ulster county clerk by Alvin Wood and Caroline S. Wood, of Bridgeport, Conn., conveying lands on the westerly side of Joy's Lane, in the city of Kingston, to Aaron Cohen, Matthew H. Herzog and William M. Davis, as joint tenants. This is in addition to the lands recently purchased by the same parties to be part of the proposed athletic field and race track, back of Hurley avenue and near Washington avenue. Consideration, \$1,751.

A SPRING SONG—With Notes.

By EARL BALDWIN THOMAS.

Oh, Spring is on the harbor now and ships sail out to sea to fish, the pasture's pleasing to the cow and sicken is milady's wish; the bees are in the clover sweet, the apple blossoms, pink and white, fall gently at the farmer's feet; and everything's a joyous sight, the robins 'gin to build their nests and dig for worms most everywhere, and students swell their puny chests with oratorical fanfare debating whether man for man, man measures up to woman's stride, or whether in his early span, his vision isn't half so wide; the daffodils raise golden heads, the pansies purple into flower and other things in garden beds jump up to live their little hour, while Paris frocks and baby smocks and other zephyr-like attire prepare the stronger sex for shocks to come when Summer brings its fire; a harmony, supremely fair, is swelling from the birdies' throats; for nothing new let's have a care, except—of course—Buy Victory Notes!

Whose Turn Next?

No matter how rich you are, or think you are, it is not thrifty to let your boys, and especially your girls, grow up without learning to do some thing useful well enough to get real money for it, and to invest it prudently. The time may come when they have only their time to sell—Bolton Hall in "Thrills."

Each Voice Distinct

Each voice is distinct, and the sound of every instrument too, in the records made by Columbia. More than thirty famous quartettes—men, women, mixed and instrumental—sing and play for Columbia Records.

The best of the old and the latest of the new is the music they sing and play—the good old tunes you love to hear and the latest popular hit you're wild to listen to.

And Columbia Records are equally strong and complete throughout the whole range of music.

Columbia Grafonolas and Records

To get the fullest value from these splendid records, play them on the Grafonola. Overtones, undertones, blended harmony—every shade of modulation is as clear as the fingers and instrumentalists were right in our store. We have a complete stock of both records and instruments. Come demonstrate.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Robert, infant son of Philletus and Iva Brown Johnson, died Sunday at the home of his parents, 31 Furnace street.

In loving memory of Mrs. Jane F. Noone, who died April 23, 1918, an anniversary Mass of Requiem will be celebrated at St. Mary's Church on Wednesday, April 23, at 8 a. m.

Alvira Charlotte, wife of Edgar Hawick, died at Raby, N. Y., Sunday, April 20, aged 34 years. The funeral will be held Tuesday at 2 p. m. at the Mt. Marion Church. Interment in Mt. Marion cemetery.

Mrs. Henry W. Brink died at Woodstock, April 21, after an illness of four months. She was Jennie F. York, the daughter of Daniel York, of Saugerties, and was well known and respected in Stockton and Woodstock when her husband was pastor of the Reformed Church. He was recently transferred to Gardiner, but she was too weak to be moved from Woodstock. She was 42 years old and leaves a daughter and a son, Dorothy and Daniel. Her father and mother, two sisters and a brother also survive. She had many friends in Kingston where she was graduated from the Academy in 1897. The funeral will be in Saugerties.

John Hubert Roat, one of the town's oldest citizens, died at his home on East Canal street, Ellenville, late Thursday night, at the age of 81 years. Mr. Roat was born in Holland and came to this country when a young man and has resided a half century or more in Ellenville where he was well and favorably known. He was a man of exemplary habits of a retiring disposition, a man devoted to his home and family. For many years he was engaged on the D & H Canal and for a number of years employed in the store of N. Leopold & Son and his last position which his health permitted him to fill was in the store of George B. Holmes. He held village offices and was highly esteemed by the village people generally. For the past few years he had been confined to the home on account of partial blindness and general debility. His wife was Miss Katherine Schappel before marriage. She died a little over three years ago. Four children of this union survive: Miss Elsie I. Roat, of the local school faculty and Edward Roat, both members of the home. Hubert Roat in the office of the railroad company at Ellenville and Mrs. Edith Roat, Hannah of Walden and two grandchildren a son and daughter of Mrs. Hanna. The funeral was held from his late home on Sunday afternoon at 2 o'clock. The service was conducted by Rev. W. S. Manges of the Reformed Church of which deceased was a member and the interment was made in the family plot in the Fairview Cemetery. Ellenville friends unite in extending to the family sincere sympathy.

The death of Mrs. Mary Elizabeth Dutcher Montross, widow of Horace W. Montross, who died at the home of her son, Elias D. Montross, at Briggs Street on Friday morning at 11:10 o'clock, removes from the town one of its oldest women. She having passed her 88th birthday in March. Mrs. Montross was a woman of a rare Christian character, loved and honored by those of her own relatives and a large circle of friends. She was born in Cairo, Greene county, a daughter of Seth Dutcher and Mary Sautsbury his wife. The family which included the late George H. and Edmund Dutcher, came to Ellenville to reside and for many years the Dutcher home on Liberty street was well and favorably known. After her marriage to Mr. Montross she went to reside at Briggs Street and at Greenfield and then returned to Briggs Street and for many years resided on the farm where she died. She was a woman devoted to her home and family and the death of Mr. Montross occurred on January 7, 1891. The death of a loved daughter, Miss Hattie Montross, was a great blow to this mother. Surviving are the son with whom she resided who with his wife have been devoted in the care of this loved and honored mother. One Montross and Mrs. A. Coolidge and daughter residing at Cold Spring and Roy George Montross of Golden's Bridge and three grandchildren. The funeral was held from her late home on Monday afternoon, April 21, at 2 o'clock. The service was conducted by Rev. J. H. Northrup, of the Greenfield Church, of which deceased was a member. Interment in the family plot in the Fairview Cemetery.

Mrs. Ellen S. Hanna, Prudence Hobson, beloved wife of Rev. Dr. Hugh P. Hobson, died at her home, St. John's Rectory, on South Market street, Ellenville, Friday morning at 1 o'clock, after an illness of several months, in her 70th year. While in failing health, death was unexpected and a great shock to her husband and daughter. Her funeral service was at the Holy Communion service at the 7:45 in St. John's Church. Mrs. Hobson was born in Victor, N. Y., and grew to young womanhood in her home town and was united in marriage with Dr. Hobson, and to the union was born two children, Hugh P. Hobson, Jr., and Miss Nellie Hobson. In Hobson and family left England and resided for ten years in England, before coming to the United States, New York city. On May 1, 1865, Dr. Hobson became pastor of St. John's church and with his wife and daughter came to Ellenville to reside and it was entered into the hearts of the people of their church and as time passed on they entered into the hearts and homes of the village people as well as the members of their own church and congregation, and so after residing in the village for nearly thirteen years the loss of this good woman was very keenly felt not only in her family but church and its societies but by the entire community. For of Mrs. Hobson it can be said, were true her but to love her, were named her but to praise her, were named her but to praise her. She was a woman of character, a woman devoted to her home and family, a woman who with faithful action in all parts of her church and in the world. A loved

Wouldn't

Hike In

Dress Shoes

Suppose, for example, you had a lot of walking to do, day after day,

—would you wear flimsy-soled dress shoes?

Of course not—for you'd see to it that your shoes were the tough-soled, substantial, serviceable sort.

The same holds with the "shoes" for your automobile.

You want your car to keep going on one set of tires as long as possible.

Diamond SQUEEGEE TREAD Tires

—the tires with the red sidewalls,

—are the tough-treaded, substantial, serviceable tires that will give you the long mileage you have hoped for,

—plus a little more for good measure.

If you want a tire that will make you come back for more, buy one DIAMOND.

DENY ALLIANCE WITH FRANCE

President Wilson Understood To Have Told Clemenceau Such a Matter Must Be Determined By American Congress.

By Telegram to The Freeman.

Paris, April 21.—President Wilson will not negotiate any secret agreement with France for the protection of the latter country in the event of a German attack, nor will he take any action toward an "alliance" that would weaken the principle of the League of Nations. This statement came from a high source close to the president today. It is learned that President Wilson has been impressed by criticism in the United States over press reports that the country would be pledged to give armed support to France in case of future German aggressiveness over the Rhine.

Promises Reference To Congress.
President Wilson, it is understood, simply promised to refer the entire question to the American congress for discussion, it is pointed out. The president told Premier Clemenceau that congress and not the American executive, was authorized to enact the measure suggested. American delegates said everything would be done openly and that congress and the American people would be informed of the developments.

It is possible that six weeks or two months will be given for the people of the allied nations to assimilate the treaty after it is signed and before it is ratified by the various parliaments. This would give the president time to take it home and submit it to the senate, and then make the trip he has planned across the United States, personally explaining to the people the actual reasons for the inclusion of sections, which have been criticized in the United States.

Play At Ulster Park.

At the Ulster Park Reformed Church Tuesday evening, April 22, at 8 o'clock, the Dorcas Society of Port Ewen will give the popular playlet, "The Old Peabody Pew." This old church is very well adapted for this particular play and it is hoped the entire evening may be a grand success. Admission is to be 10 cents. The cast of characters is stated elsewhere in this paper. Come all, young and old, and enjoy what others have called a "good evening."

Tillage Implements That Count

Massey-Harris No. 28 Disc Harrow

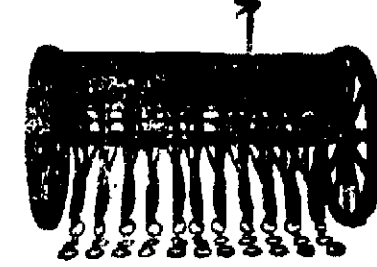

are those that give you a real service both in the quality of their work and in the length of their life.

Massey-Harris Spring Tooth Harrow

MASSEY-HARRIS HARROWS AND DRILLS

Are of that kind. They are the outgrowth of nearly 70 years of experience in implement building and embody the latest and most approved principles for advantageous operation. No more efficient Disc than the Massey-Harris No. 28 has yet been conceived. Built as it is, with a hot riveted angle steel frame, wood bearings of an improved type, and a centre pressure device that gives you positive control of the cutting depth, it furnishes equipment that meets the requirement in every respect. Equally as good tools are found in the Massey-Harris Spring Tooth Harrow and in the Massey-Harris No. 12 Drill. The Drill is noted for its accurate sowing, double force feed grain runs, its substantial construction and its convenience of operation. 52 changes of the feed from each side of its grain runs and 56 changes of its fertilizer feed are available without using extra parts.

Massey-Harris No. 12 Drill

OLIVER CHILLED PLOWS

THE OLD PEABODY PEW.

Postponed Play To Be Given Wednesday.

"The Old Peabody Pew," which was to have been given at the Church of the Comforter some time ago, and was postponed, will now take place on Wednesday evening, April 23, at 8 o'clock in the auditorium of the church. The Dorcas Society of Port Ewen Reformed Church have prided themselves in producing this fascinating little playlet, as Kate Douglas Wiggin in writing her play for a Dorcas Society. The Dorcas Society of Port Ewen surely do credit to this play and do their acting very well, and as a result have been complimented many times.

During the evening Mrs. Leonard Applebaum will render a solo. Following is the cast of characters: Mrs. Eaxter, the minister's wife... Mrs. Violet Hotelling. Mrs. Burbank, president of the Dorcas Society. Mrs. Elsie V. Secor. Mrs. Miller, wife of Deacon Miller, the sexton. Mrs. Edith Terwilliger. Mrs. Sargent, village historian. Mrs. Inez Lampman. The Widow Buzzell, willing to take a second chance. Miss Minnie Hotelling. Miss Lobelia Brewster, who is no lover of men. Mrs. Elsie L. Secor. Miss Mattie Sharp, quick of speech, but sound of heart. Mrs. Lulu Sleight. Miss Nancy Wentworth, who has waited for her romance ten years. Mrs. Ella Doyle. Justin Peabody, sole living claimant to the Peabody Pew. Elliott Hotelling.

Reader... Miss Cleon Eleworth. Accompanist... Miss Miriam Neice. Every one come and enjoy a good evening. A silver collection is to be taken.

What Is Your Daily Newspaper?

A reporter of important events at home and abroad. It is that and more.

It is a directory of buying and selling.

It is the medium that brings together the man who has merchandise or a service, or anything else to sell—and the man who needs and wants these things.

By reading the advertisements in your newspaper you may find what you want with the least expense and in the least time.

And they may point out the fact that you needed many things the lack of which you never realized until you got them.

These benefits might never have been yours without the newspaper advertisements which first brought your need to your attention.

Read the advertisements in the newspapers regularly and thoroughly.

"FROM MISSOURI" AS TO THE BRIDGE

Recent Events at Home as Viewed

From Camp in France—Killing the Goose That Laid Golden Eggs—War Relics and Service Stripes.

Camp de Souge, France, April 21.

The Freeman with the latest action on the Rondout creek bridge proposition came a couple of days ago and it does look as though there might be another step taken toward the completion of the structure. Well, one step at a time will eventually build the bridge but even though the prospects look good I am "from Missouri" and have to be shown.

As I understand it the abutments have not been finished, and these yet remain to be built before the other work can be commenced. Just how much work has been done I of course do not know but I look as though some more if not all of it may now be done.

There are many signs of spring in the air. For instance the gardens have been planted and are well up. Peas and beans are up three or four inches and the tree buds are showing quite green. In another two weeks it will be quite like summer again. Once more we are getting a truck down town once a week and every Sunday about fifteen of the men can get a pass to town. Ever since last summer, July, we have had no pass truck. Another of the improvements since the new administration came here, I am sure the boys from now on will be taken care of. In one of the barracks the captain has fixed up a reading and recreation room and we have a place where we can read and write. Things for the past month have been picking up a bit and we can't complain a bit, only we want to go home.

I am of the impression that I may try and get a travelling leave, that is one with three or four cities as my destination. By scattering them pretty well over a wide area I will be able to see a great deal of the country and if questioned by the M. P. I can always say I am on my way to the next place, so be perfectly safe. The Paris leave is a question. We don't seem to be getting many of them down here. A few of the fellows have been up but they are so many who want to take this three-day vacation that it is almost impossible to get the proper reservations, only a certain number being allowed to go at once from the base.

I see that there are a number of strikes going on principally among the people who have been living on the inflated jobs, jobs where for the period of the emergency big wages were paid. Now that the bottom has dropped out they seem to want to keep right on getting the high price labor wage. Some people are not satisfied with a good thing while it lasts but get sore when it plays out. It seems to me all those people who remained at home and worked for about double wages for the past couple of years ought to be pretty well

satisfied. It seems to me that they have killed the bird that laid the golden egg by striking just at this time. From the short statement given out by Mr. Schoonmaker it seems that had they continued to work without a strike, they might have kept on for a short while at the old wage. Now by striking they have simply shut down the job immediately.

This evening I received a letter from Bill Gardner and he is the same old Bill as of old. It seems that he has a "shave tail" for a couple of weeks did not change him a bit. Perhaps he was changed during those two weeks, but the effect was not lasting as it might have been had he remained a Looie for a longer time. Still they tell me a fellow who gets that way while he is young has a change of recovering if he is caught in time. Now I think he was caught in time and therefore will not be permanently disabled. He like others though seems to persist that I ought to be on my way home. He evidently does not know that the motto of the A. E. F. is "First over last home" and that I am in the S. O. S. bunch. That is the "Stuck Over Seas" bunch. And I guess I am stuck yet for awhile. From very reliable dope I understand though that our chances of starting homeward about September are bright. It may be that it brightens and we get there before that, still some cloud may cross our horizon and we may not get back then. The camp here is getting smaller and I have hopes that it will get much smaller. We have been camp casuals here who are, and have been for the past two months waiting for a ship. Most of the regular outfits have left camp and I understand that for the present there are no more boys scheduled to come into here. This is liable to be changed though at any time. Rumor says that this base is going to be the next one to close and I guess most of the men will be sent home from points further up the line. I hope so for the sooner this part closes the sooner we will be getting home. I am not worrying. Always did have a faculty of being able to entertain myself without any brass band and believe me after these months over here I know it won't take much to entertain any of us and Oh what a wonderful time we are going to have when we do get back.

One of the sergeants from our bunch just got back from up at the lines and while in Coblenz he, as per his instructions, bought a souvenir and brought it back. It is not a historical captured trophy but just an officers' trench knife, new, bought from an equipment store. It is a sample of some of the tools of the war and after hearing of the cruel things which were used you can only serve this one and then form your own opinion as to whether you would like to have some burly Hun come at you with it and gently run it in between your fourth and fifth ribs. It is a combination trench knife and a short bayonet for a gun, with the usual saw-tooth blade. I also have in a small tin box with several things in it on the way. The cross was given to me by the same sergeant who was given the thing by an old soldier who soldiered with his in the Philippines. Whether it is real or a good imitation I will not swear. But it is as real as many I guess, so it will be a good souvenir. I am sure if it was a fake one it would have been on

sale. As it is a gift, it might and might not be real. You can do like all the rest of them and say it is genuine I suppose. The other stuff is just stuff picked up in passing.

About Service Stripes.

I see congress didn't deprive us of our service stripes, after all. But service stripes do not always mean as much as you may think unless taken with the division emblem. For instance, I will have three stripes without ever having been in any danger, while the men of the 27th Division only have one stripe to show for one sixty days in hell they spent. The 27th Division men, who had just as hot a time and heavier losses, in the Argonne, will have one or two stripes. I am not sure which, and so will the 78th Division. This stripe means something more than just working hard away from home for \$1.10 a day, like mine do. Then take the First and Second Divisions with their three or maybe four stripes. Their stripes mean a lot for they were in from almost the beginning until the very last. The Rainbow Division's stripes also stand for a lot of real fighting and they will have two or three stripes. Division emblem and stripes, taken together, mean something. Either alone, does not mean so much, for a man may wear the emblem of a fighting division and yet be only a replacement man, sent in to take the place of some fellow dead or wounded, after the fighting was over. In that case he will not be likely to have so many service stripes.

Then, again, there are cases like that of the S. O. S. officer whose letter in the Stars and Stripes you may have read. He has the stripes but his S. O. S. emblem might make folks think he had fought only fleas and mud like we have down here. But before he was sent to the S. O. S. he had seen hard service in a combat division. He is the man who wrote that letter about the combat unit men who had never been nearer a fight than we have but who were singing, "Mother, Take Down Your Service Flag; Your Boy's in the S. O. S." which didn't have much point for him, as he had fought and they hadn't. Also I fail to see any point in the sneers about the S. O. S. men getting all the welcome and parades at home while the fighting men will get nothing of the kind, for the fact is to the contrary, as it ought to be. In the very nature of things the S. O. S. had to be first to come and must be last to leave for home. And we have no kick coming either, for duty is duty and orders are orders, but why should we be misrepresented as coming home and stealing the glory when "Stuck Over Seas" seems the real meaning of S. O. S.?

FRED.

Kaiser's Sublime Vanity.

Of the innumerable stories told of the ex-kaiser's vanity none surpasses one concerning a little incident that took place on board a British warship a few years ago. The recently deposed emperor was being entertained at dinner during a visit to the British fleet, and when smoking began took up a cigar and looked around for a cutter. One not being handy, an officer immediately offered him a pen-knife, which William used and returned with the solemn remark, "Keep it and guard it well; one day it will be historic."

PORT EWEN.

NEW METHOD OF OAT SMUT CONTROL

County Farm Bureau Recommends Dry Seed Treatment—A Profitable Precaution in Ulster County.

Last summer, when checking up the oat smut in Ulster county the Farm Bureau found that only one out of every four or five farmers had treated their oats for smut. In some of the untreated fields as high

**DRY FORMALDEHYDE METHOD**

as 8 per cent smutted heads were found. An average of 4.15 per cent of oat smut was found in New York state last year. The treated fields, however, showed an average last fall of less than one fourth of one per cent of oat smut. Since the cost of treatment is less than 3 per cent per acre it is evident that the treatment of the grain before planting will be a highly profitable investment.

Old Method of Controlling.

The method formerly employed for treating oats to prevent smut is that of sprinkling the seed with a solution of formaldehyde made up of one pint to 10 per cent formaldehyde solution and 40 gallons of water. This amount is used to treat

fifty or sixty bushels of seed. After treatment the oats are piled, covered for a few hours, dried and then sown.

The New Method.

For the past four years experiments have been conducted with satisfactory results. The method as given below is recommended. Directions:

- 1.—Dump the oat seed, after cleaning with a fanning mill, on a clean barn floor, canvas, or tight wagon box.
- 2.—Dilute one pint of 40 per cent formaldehyde solution (formalin) with one pint of water and pour into a quart hand sprayer such as is commonly used about stables to keep flies away. This amount, one quart, treat 50 bushels of seed. If fewer oats are to be treated the amount of formaldehyde should be lessened accordingly.
- 3.—While the oats are being shoveled from one pile to another spray each shovelful with the solution. Two movements of the handle gives about the right amount.
- 4.—After the oats are all treated in this way, pile in a heap and cover with blankets, canvas, or sacks which have been sprayed inside and out with the solution.

5. Allow to remain covered for at least five hours after which they may be bagged and drilled.

6. Treatment must be made any time previous to sowing.

Precaution.

Solution of formaldehyde vapor acts as an irritant upon the mucous membrane of the eye, nose and throat, therefore:

1. Hold the sprayer down close to the oats.
2. Shovel seed into the vapor.
3. Work from one side of the pile.
4. Have a circulation of air in the room where the treatment is made.

Advantages of the Dry Method.

The treatment does not wet the seed, thus making it possible to treat and drill on the same day; may be made several weeks ahead of planting; is effective, giving complete control; is simple.

The seed is not injured; does not swell; does not stick in the drill.

W. S. S. PAMPHLETS READY.

Interested leaders throughout the Second Federal Reserve District, under the direction of Mrs. John T. Ford, have prepared more than a million pamphlets dealing with the necessity of properly insuring in War Savings Stamps. These pamphlets, "Making Your Fortune Come True," will be distributed to every household in the entire district—New York State, twelve counties of New Jersey and Fairfield county, Conn.

ABOUT THE FOLKS.

Mr. and Mrs. Ezra Abrams of New York city, formerly of Kingston, are visiting friends in town.

Howard Koch was removed from No. 50 Johnston avenue, to the Kingston City Hospital in the ambulance Saturday.

Mr. and Mrs. John T. Loughran of John street, who spent Easter with friends in New York city, have returned to their home in this city.
